2nd February 2021

Dear Parent/Guardian,

We are asking the 1st Years to begin thinking about their subject choices for next year. Students have had the opportunity to study all subjects in 1st year. As they move into 2nd Year student will choose four options subjects to continue studying for Junior Cycle.

To help with our planning we are asking the 1st Years to do a first draft of their subject choice. This is so that they can begin to think about which subjects they would like to continue studying and discuss these choices with you as parents before they make their final decisions later in the term.

All students will study English, Irish, Maths, RE, History as exam subjects. They will also study PE, CSPE, SPHE as non exam subjects. In addition to this they will be able to choose four option subjects to study for Junior Cycle. Whilst we try to give students their first four choices we cannot always guarantee this so we ask students to give us their choices in order 1 to 7. 1 being the subject they most want to study and 7 being the subject they least want to study.

Before those final choices are made we will hold an Information Evening for parents and students where we will explain the subject choice process and answer any questions you may have.

The link to the survey can be found at <https://www.surveymonkey.com/r/6SL3RZY>

Please be assured that this is only a first draft for planning purposes and students will be able to make changes when it comes to the formal choosing of subjects in March.

Yours sincerely,

  
Leona Harrington  
Principal
