

Le Chéile Secondary School

Parent Representative on the Board of Management

A new Board of Management will begin on October 15th. The Trust have named their four nominees and we are beginning the process to elect the parent nominees.

The board will have a three year term. Nominations can be made by parents, we would ask however that parents have the consent of the nominated parent before submitting their name.

Nominations will be accepted until **3.30pm on Tuesday 29th September**.

Following the nomination process a ballot will take place and two parent representatives will be elected.

A ballot paper will be distributed to all parents on **Wednesday 30th September** with a list of parents who have put themselves forward/been nominated. Voting will end at **3.30pm on Tuesday 6th October**. In our current context nominations and voting will take place electronically.

A parent nominee to the Board acts as a member of the Board not as a parent representative. It is a great act of service to the school community and can make a strong contribution to the direction of school development.

Nominations can be made through the following link:
